Outlander pups are born and raised in the home, socialized and introduced to birds and water as weather permits. They will have a veterinary examination, dew claws removed, tails docked and first shots. Pick-up will be approximately 49 days after whelping and shipping will be at 56 days (weather permitting).

The litter is registered with NAVHDA and the American Kennel Club (AKC). The pup's vaccination record will be provided at the time of delivery. The puppy is purebred and eligible for registration with BOTH AKC and NAVHDA. A correct pedigree will be provided to the buyer. The puppy will be registered by the seller with AKC and NAVHDA at time of sale.

The buyer is completely responsible for the care and training of the pup from the time of delivery. If the pup is run in a Natural Ability test with NAVHDA before the age of 16 months, the seller will refund the buyer the entry fee to the NA test up to \$100.00. In other words, I STRONGLY encourage the pup be NA tested so much so that I will help pay for it.

If you decide you want or need to sell the pup Seller reserves the right to have first refusal.
